Transient velocities at the back ends of the tunnels

Velocity (m/s) vs Time (sec)

Air velocity in tunnel "mainline1" at 0 m
Air velocity in tunnel "mainline2" at 0 m
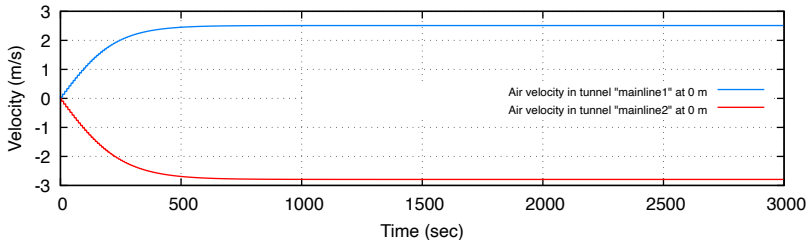

Pressure profiles at the final timestep

Pressure (Pa) vs Distance (m)

Total pressure along tunnel "mainline1" at 3000 sec
Total pressure along tunnel "mainline2" at 3000 sec
